Re: Regulatory File Request
Detrex Corporation – Ashtabula Facility
Fields Brook Superfund Site OU 5

Dear Sir or Madam,

Hart & Hickman, P.C. (H&H) submits this request to obtain regulatory files for the Detrex Corporation – Ashtabula Facility, Fields Brook Superfund Site Operable Unit (OU) 5 located in Ashtabula, OH. The EPA ID for the Fields Brook site is OHD980614572; however we are only interested in documents associated with OU-5. We would like to obtain technical reports, sampling data, letters and memos relating to soil or groundwater for the time period of 2000 through present.

If there is an option for files to be received electronically, this would be preferable. However, hard copy files are acceptable as well. H&H is willing to pay fees associated with this FOIA request up to \$400, and respectfully requests an estimate of costs prior to commencement of work.
